MEGACUT® threading and cutting fluid formulation is specially engineered for efficient, close tolerance cutting. It is used on ALL METALS and with great ease on difficult-to-machine aerospace alloys, aluminum and titanium. It is stable at elevated temperatures and withstands pressure beyond the yield point of any known metal.

- Safe and odorless.
- Meets and exceeds OSHA requirements.
- Contains no 1,1,1 Trichloroethane, Sulphur or Carbon Tetrachloride.
- Dramatically extends tool life.
- Controls chip form.
- Refrigerates while it lubricates.
- Will not stain metal workpiece.
- Helps in achieving precision finish and close tolerances.

MEGACUT® SPRITZER
Spray directly at application point — using 4 oz. spritzer bottle.

MEGACUT® threading and cutting fluid formulation is specially engineered for efficient, close tolerance cutting. It is used on ALL METALS and with great ease on difficult-to-machine aerospace alloys, aluminum and titanium. It is stable at elevated temperatures and withstands pressure beyond the yield point of any known metal.

Now a Threading & Cutting Foam that **Cools** While it Lubricates!

- **MAXIMUM VERSATILITY** – Use with confidence on ferrous and nonferrous metals, including inconel and hastalloy.*
- **MAXIMUM APPLICATIONS** – Ideal for tapping, drilling, reaming, boring, milling, broaching and trepanning.
- **MAXIMUM EFFICIENCY** – Precise application, provides long contact time with tooling.
- **MAXIMUM EFFECTIVENESS** – Promotes longer tool life and better finish.
- **MAXIMUM LUBRICITY** – Unique chemical cooling of the workpiece and tool.

*Not for use on titanium or where chloride is harmful.

MEGA FOAMCUT® THREADING & CUTTING FOAM

MEGA FOAMCUT® SPRITZER
Spray directly at application point — using 2 oz. aerosol can.

STOCK # TF8002
**ALFA CHEM® PREMIUM COPPER ANTI-SEIZE**

A premium copper/graphite blend anti-seize specifically formulated for high temperature applications.

**Benefits:**
- Contains no class 1 ozone depleting chemicals.
- Enables faster disassembly when repairs are needed – even after exposure to high temperatures (range -297°F to 2,000°F).

**Applications:**
- Superior anti-seize and extreme pressure lubricant formulated to protect metal parts against rust, corrosion and seizure.

**Features:**
- Meets specification ASTM D-2783 for extreme pressure properties (32,000 psi) and conforms to MIL-A-907E.

**ALFA CHEM® PREMIUM NICKEL ANTI-SEIZE**

A premium nickel/graphite blend anti-seize specifically formulated for extreme temperatures. This anti-seize also provides excellent chemical resistance.

**Benefits:**
- Contains no class 1 ozone depleting chemicals.
- Offers the same pressure resistance, corrosion and seizure protection as regular copper grade.

**Applications:**
- Recommended where applications prohibit the presence of copper and stronger resistance to corrosive acidic and caustic solutions is required.

**Features:**
- Temperature range -297°F to 2,600°F.
- Meets specification ASTM D-2783 for extreme pressure properties (32,000 psi) and conforms to MIL-A-907E.

ADHESIVE SEALANTS
Contains no ozone depletion chemicals • Anaerobic • Quick Performing • Single Component

THREAD LOCK TL SERIES

These anaerobic resins are designed for applications where specific viscosities, strengths, and cure speeds are necessary. The Thread Lock TL Series prevents vibration loosening while locking and sealing threaded assemblies and metal parts. They distribute the load over the entire engagement length of the assembly, greatly reducing or completely eliminating fastener and material fatigue. Thread Lock significantly reduces production cost while enhancing the reliability of the finished assembly.

PIPE SEALING COMPOUND is a premium Teflon® enhanced compound which provides superior sealing for most threaded metal or plastic pipe.

- Prevents leaks and seals most common fluids and gases, including fuels, oils, water, refrigerants, steam and inert gases.
- Non-hardening formula will not crack, shred or contaminate most systems.
- Eases assembly and disassembly of metal and plastic fittings.
- Seals to bursting pressure of pipe and is rated to 10,000 psi.
- Not recommended for potable water systems or for use in oxygen service.
- Product safe for incidental food contact.

Adhesive Compounds

CONTAINS NO OZONE DEPLETION CHEMICALS
SUPERBOND INSTANT ADHESIVES
• Anaerobic • Quick Performing • Single Component
(6 months shelf-life)

Features:
• Creates fast, strong bonds on porous and smooth surfaces in seconds.
• Single component instant adhesives – no mixing or clamping.
• More time and cost efficient than riveting, soldering and brazing.
• Safe to use – non-flammable.
• Suitable for bonding rubber, plastic, metal, wood and many other surfaces.
• 5 to 25 second initial set time, full strength in 24 hours.
• Industrial strength adhesives for strong, permanent bonds.
• Choose from different viscosities for a wide variety of applications.

Adhesive Compounds
QUICK-TAC ACCELERATOR
FOR FASTER CURING
When faster setting speeds are desired, Quick-Tac will aid the curing process and give exceptionally faster set times. It is also useful when bonding acidic surfaces as in low humidity conditions promoting consistent curing times.

POLY PREP PRIMER
FOR BONDING DIFFICULT SURFACES
This primer is used on difficult to bond surfaces. These surfaces include Polyethylene, Polypropylene, certain elastomers, and other difficult to bond substrates. It can be applied by brushing, spraying, or parts can be dipped prior to assembly.

ADHESIVE DEBONDER
FOR REMOVING ADHESIVE RESIDUE
This unique product easily removes adhesives from applied parts, workstations, assembly tools and skin. Apply and wipe off with a damp cloth in 30 seconds. Repeat as necessary.

Available in 2 oz. and 8 oz. pump spray bottles

HEAVY DUTY
PERMANENT ADHESIVE

- Made from a carefully selected blend of synthetic polymers.
- Controlled molecular weight results in ideal spraying and film formulation.
- Formulation maximizes both adhesive and cohesive forces, optimizing flexibility and toughness.
- Super tough formula holds heavier objects with a strong, instant grip.
- Offers high sheen and peel strength with good initial tack.
- Adheres to almost any surface or material, including wood, paper, glass, plastics and the vinyl used by asbestos abatement contractors.
- Adjustable spray head allows horizontal or vertical fan spray pattern.
- Light amber in color.

**ALFA CHEM® DRY MOLY LUBE**
- Superior high pressure properties.
- Quick drying.
- Excellent adhesion.
- Temperature resistant up to 750°F.
- High lubricity – 5 times more lubricity than other dry lubricants.

**ALFA CHEM® DRY GRAPHITE LUBRICANT**
- High lubricity.
- Quick drying.
- Excellent adhesion.
- Extreme pressure.
- Temperature resistant up to 850°F.

**ALFA CHEM® SILICONE LUBRICANT**
- Eliminates sticking, binding and squeaking.
- Non-staining.
- Protects against rust and corrosion.
- Lubricates metal, wood, rubber, glass, plastic.
- Very safe.

**ALFA CHEM® WHITE LITHIUM GREASE EXTREME PRESSURE (EP)**
- Water-resistant.
- Protects against friction.
- White color permits easy visual inspection.
- Provides high quality lubrication.
- Temperature resistance to 360°F.

**WHITE LITHIUM GREASE**
- Multi-purpose, all weather lubricant with a wide range of industrial applications. It is formulated with a water-resistant grease that contains rust and oxidation inhibitors that protect metal. It can be used anywhere a non-soiling lubricant is needed. Its white color permits easy visual inspection, allowing quick identification of treated areas.
- Use to reduce friction and mechanical sticking of bearings, gears, cables, industrial and construction equipment, machines and hand tools.

**ALFA CHEM® SILICONE SPRAY LUBRICANT**
- Eliminates sticking, binding and squeaking on hinges, locks, chains, rubber weather stripping, garage door rollers and other moving parts. It is formulated to be colorless, odorless and non-staining while providing excellent lubricity. This product is safe for incidental food contact.
- Use to lubricate and protect metal, wood, rubber, glass, chrome, plastic parts, rubber weather stripping used on doors & windows, hinges and locks; to waterproof ignition systems; and to prevent snow from sticking to snow shovels and sled runners.

**Lubricant Aerosols**

DRY MOLY LUBRICANT forms a quick-drying moly film that provides long wearing lubrication and protection that withstands extreme pressures and temperatures. It is formulated to adhere to most substrates and is ideal for use in high-pressure environments.

Use for break-in lubrication and high-pressure applications. Ideal in preventing the seizing of threaded connections and sliding parts. It is typically used on pistons, gaskets, pump assemblies, lock mechanisms, sliding doors, threaded connections, press fits, taps, pins, keyways, oven chains and cables, oven dollys, hinges, etc.

Stock # LA750 12 oz., in a 16 oz. aerosol can 12 cans/case

SILICONE SPRAY LUBRICANT eliminates sticking, binding and squeaking on hinges, locks, chains, rubber weather stripping, garage door rollers and other moving parts. It is formulated to be colorless, odorless and non-staining while providing excellent lubricity. This product is safe for incidental food contact.

Use to lubricate and protect metal, wood, rubber, glass, chrome, plastic parts, rubber weather stripping used on doors & windows, hinges and locks; to waterproof ignition systems; and to prevent snow from sticking to snow shovels and sled runners.

Stock # LA900 11 oz., in a 20 oz. aerosol can 12 cans/case

**Lubricant Aerosols**

Use anywhere a dry lubricant is essential: machinery, winches, chains, locks, trunks, lawn mowers, tools, conveyor parts, drawers, doors, hinges, snow blowers, flat springs, mechanisms (such as those in vending machines and parking meters), tracks, instruments, oven parts, wire rope, window slides, die casting machines, pre-assembly operations, etc.

Stock # LA850 12 oz., in a 16 oz. aerosol can 12 cans/case
ALFA CHEM® PENETRATING OIL
• Fast acting penetration.
• Penetrates rust and scale.
• Displaces moisture.
• Superior lubrication.

ALFA CHEM® RUST PROTECTOR
• Provides maximum protection under extreme conditions.
• Safe on most metals.
• Contains no chlorinated solvents.
• Easily removed by degreaser. (Stock # AL550)

ALFA CHEM® HEAVY DUTY DEGREASER
• Penetrates and cleans.
• Contains no CFCs or chlorinated solvents.
• Dissolves grime & grease.
• Leaves no residue.

ALFA CHEM PENETRATING OIL is a fast acting formula that attacks rust and corrosion. It quickly frees frozen parts and loosens dirt, corrosion, scale and other binding elements. It lubricates parts while reducing friction to keep them working longer.

Penetrating oil frees screws, nuts, bolts, and other metal parts that have been frozen due to rust, scale, corrosion, paint, varnish, gum or carbon. It also loosens screws, nuts, joints, studs, fasteners, pins, pipe couplings, machine parts, bolts and pipe fittings. The oil lubricates tight fitting parts such as hinges, locks, cranks, tools, chain drives, locking mechanisms, carburetor linkages, power tools, casters, etc.

Stock # AL200
12 oz., in a 16 oz. aerosol can
12 cans/case

ALFA CHEM RUST PROTECTOR is a long-term indoor/outdoor waxy film coating containing rust and corrosion inhibitors. It protects equipment from atmospheric conditions during storage and shipping.

Use as a long-term protective coating to protect all types of metals against salt, moisture, dirt, and other atmospheric conditions which cause damaging rust and corrosion. It protects parts such as construction equipment, salt spreaders, snow plows, pumps, hitches, springs, hoists, and most metals during shipment or storage.

Stock # AL300
11 oz., in a 16 oz. aerosol can
12 cans/case

ALFA CHEM HEAVY DUTY DEGREASER keeps engines, farm and construction equipment and industrial machinery clean and grease-free. This degreaser soaks in and emulsifies oil, grease and other contaminants, allowing parts and equipment to be easily rinsed off.

Use to clean air compressors, conveyors, fork lifts, hand trucks, engine parts, auto and truck engines, diesel and gas engines, various types of farm equipment and industrial machinery. It is also useful in cleaning tools.

Stock # AL550
14 oz., in a 20 oz. aerosol can
12 cans/case

METALGLAS CLEANER & POLISHER
Cleans and polishes Metal, Glass, Porcelain Tile and Enamelware.

ALFA CHEM Metalglas polish deep cleans all metals, glass and porcelain surfaces. Also fills in hairline scratches and defects to keep surface free from dirt and grime. Improves surface brightness with less effort in future cleanings.

The non-acid formula is safe for stainless steel, chrome, brass, copper and aluminum. Removes buildup from metal rollers in the paper, plastic and textile industries. Removes fresh and salt water stains from boat rails and window screens. Deep cleans lenses on spotlights and headlights.

Apply with damp cloth, rub briskly, then wipe off and polish with dry, clean cloth. May be diluted with water for large surface applications.
